

My husband is a great fan of late night noodles. There's something very comforting about eating a hot bowl of salty noodles when everyone else is asleep, as if you were a student again! In this design, the use of orange, yellow and blue creates a retro, nostalgic vibe.

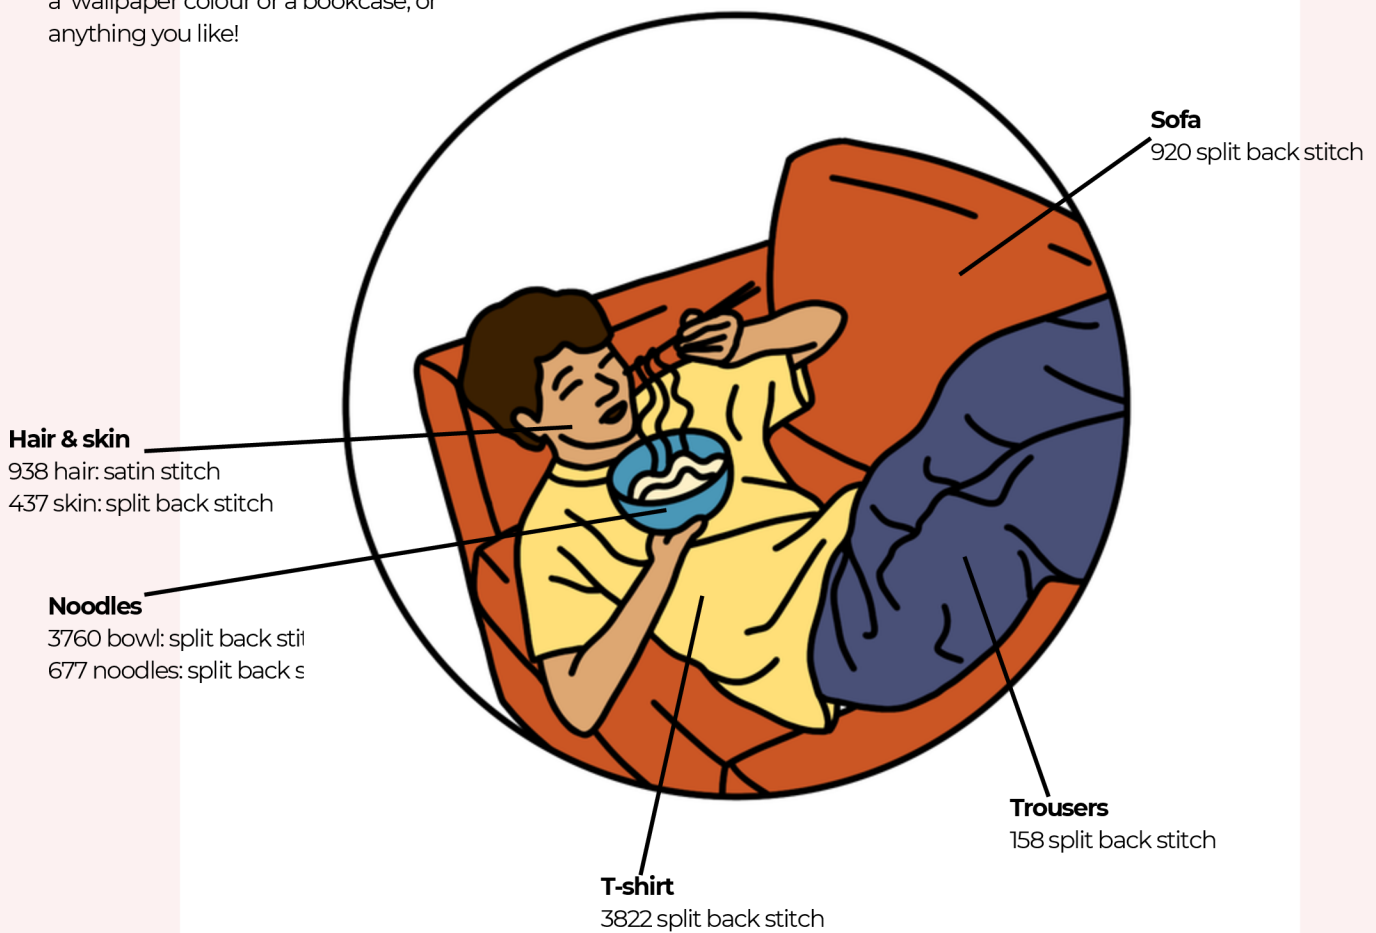

Stitch the black lines in black perle thread, size 12.

STITCH GUIDE

Background

In my embroidery, I've not stitched the background, but you might want to with a wallpaper colour or a bookcase, or anything you like!

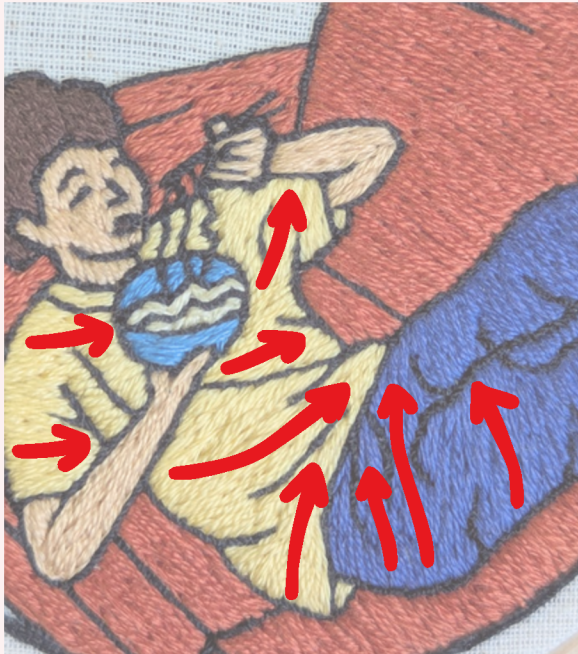

DMC Colour Codes:

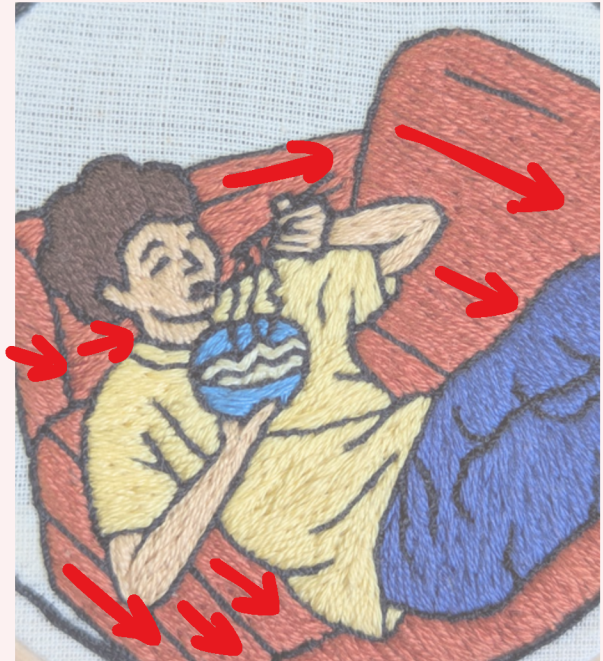

- DMC 158 (dark blue)
- DMC 3760 (blue)
- DMC 920 (dark orange)
- DMC 938 (dark brown)
- DMC 437 (pale brown)
- DMC 3822 (yellow)
- DMC 677 (pale yellow)

Unless otherwise stated, stitch with THREE strands of thread.

STITCH TIPS

To create the effect of draping for the clothes, split back stitch in the direction of the drape lines.

Likewise, angle the direction of stitching on the sofa so it creates a more dimensional shape.

LATE NIGHT NOODLES

I hope you enjoyed stitching this pattern!
